

ACES Journal

SPECIAL ISSUE

ACES-China 2026 Extended Conference Papers

from the ACES-China 2026 conference held in Qingdao, China August 21-24, 2026

reduced APC: Members \$350 Non-Members \$500

The Applied Computational Electromagnetics Society is announcing a new Special Issue of the ACES Journal dedicated to extended conference papers from the ACES-China 2026 meeting.

Please **submit** your paper **by September 15, 2026**. Accepted papers will be **published at the end of the year / early 2027**.

Before submission authors should make sure their paper follows the [ACES Journal template](#), which can be found on the River Publishers website.

Important Dates	
Deadline for submissions	September 15, 2026
First Decision	October 2026
Publication:	December 2026

Please note, this is an open access journal and incurs publication charges payable by the author. The APC for this special issue has been reduced to \$350 members / \$500 for non-members. Overpage charges of \$60 per page apply for papers above 6 pages. Fees payable after acceptance and before publication.

Please submit your paper through the ACES Journal submission system
<https://journals.riverpublishers.com/index.php/ACES/about/submissions>.

Make sure you select “**ACES-China 2026**” in the section dropdown category

To make a submission to the ACES Journal, you will first need to register a user account with the journal and log in. After that, when you login, you will be taken to your Dashboard. To submit a paper, click on the “new submission” button on the right-hand side of the screen and following the instructions.

Submission Guidelines

Submission of a manuscript implies: that the work described has not been published before; that it is not under consideration for publication anywhere else; that its publication has been approved by all co-authors, if any, as well as by the responsible authorities – tacitly or explicitly – at the institute where the work has been carried out. The publisher will not be held legally responsible should there be any claims for compensation.

ACES Journal is abstracted in INSPEC, in Engineering Index, DTIC, Science Citation Index Expanded, the Research Alert, and to Current Contents/Engineering, Computing & Technology
